

# ECOFLEX®

## Minimum 80% recycled material

All ecoSeries® products retain the same high quality and high performance characteristics to protect walls and fixtures as the original Boston Bumper®. From beginning to end, so you are assured superior quality that has made Boston the trusted name in impact protection.

- Profile & base combined contain a minimum of 80% recycled content.
- Recycled content claim validated by UL Environment.
- A virgin cosmetic skin for optimum aesthetics and color flexibility.
- Engineered to easily radius curved or round surfaces.
- 100% recyclable, sustainable material.
- Does not cost a premium. Costs 1/3 less than traditional Boston Bumper®.
- Compatible with all ecoRigid® and traditional Boston Bumper® parts.
- Contributes towards LEED points; Materials & Resources: credit 4.1 and 4.2, recycled content.
- Continuous rolls of bumper cover eliminate scrap and reduce storage space requirements.
- UL-94 V-0 Fire Rating.
- Simple installation with a pre-slotted base channel.
- Highest impact resistance.
- Vast color options.
